**HEIGHTS**  
coalition for  
**PUBLIC**  
education

We are parents, teachers and members of the community who are dedicated to a system of public schools that provides all children an education that gives them the opportunity to succeed in life. We believe in our schools, our teachers, our families and our students.

State mandated tests are not legitimate measures of the quality of education students experience or our community values. We advocate for the end of state and federal policies that are harming children public education.
